CONNEXUS/ALPA FEDERAL CREDIT UNION

Doreen Burton, Vice President
doreenb@connexuscu.org | 608-838-8275
PO Box 8026
Wausau, WI 54402-8026

ALPA Federal Credit Union merged with Connexus Credit Union because of its excellent reputation for member service, its strong financial position, and its expansive list of products and services. Connexus members' benefit through the nation's best Shared Certificate rate which is currently at 1.30% APY, high-yield checking accounts ranging up to 1.75% APY, state-of-the-art online and mobile services that will allow our members to conduct their financial transactions from anywhere in the world, and National Free ATM charge network where every ATM is your ATM.

GOLD LEVEL

AIRBUS AMERICAS, INC.

Craig Hoskins, VP Safety, Security & Technical Affairs
craig.hoskins@airbus.com | 202-831-6316
1101 Pennsylvania Ave, Suite 800
Washington, DC 20004

Airbus, a division of Airbus Group, is the global leading commercial aircraft manufacturer with the most modern, comprehensive, and efficient family of airliners available, ranging from 100 to more than 600 seats. Airbus employs nearly 60,000 people worldwide, and manufactures aircraft in France, Germany, China, and the United States.

BOEING

Terry McVenes, Director, Systems Safety and Regulatory Affairs
terry.l.mcvenes@boeing.com | 425-237-3293
PO Box 09-76
Seattle, WA 98124

The Boeing Company is the world's largest aerospace company and leading manufacturer of commercial jetliners and defense, space, and security systems. With corporate offices in Chicago, Boeing employs more than 165,000 people across the United States and in more than 65 countries.

Boeing has been manufacturing commercial jetliners for more than 40 years. Today, the company manufactures the 737, 747, 767, 777, and 787 families of airplanes and the Boeing Business Jet. New product development efforts include the Boeing 787-10 Dreamliner, the 737 MAX, and the recently launched 777X. More than 10,000 Boeing-built commercial jetliners are in service worldwide, which is roughly 48 percent of the world fleet. The company also offers the most complete family of freighters, and about 90 percent of the world's cargo is carried on board Boeing planes.

DEL MAR, CALIFORNIA

CASA PALMERA

Barbara Woods, CEO
barbaraw@casapalmera.com | 858-481-4411
14750 El Camino Real
Del Mar, CA 92104

Casa Palmera is a freestanding residential treatment center that provides 12-step, evidence-based holistic treatment for substance-abuse disorders, eating disorders, and trauma/mood disorders. Offers a full continuum of care including residential treatment, partial hospitalization with/without board, intensive outpatient program, and weekly continuing care. In network with managed care.

NATIONAL AIR TRAFFIC
CONTROLLERS
ASSOCIATION

www.natca.org

The National Air Traffic Controllers Association (NATCA) represents over 20,000 controllers, engineers

and other safety-related professionals, with membership from every state, territory, and possession of the United States. Certified in 1987, we are one of the strongest and most influential labor unions in the federal sector and a direct affiliate of the American Federation of Labor-Congress of Industrial Organizations (AFL-CIO).

Highly skilled and fully committed to ensuring the safety of every flight, our team of safety professionals is proud to represent not only the interests of our members, but the safety interests of the flying public as well. "Safety Above All" is the litmus test in which all decisions are based as we continually strive to improve and enhance aviation safety in order to maintain the safest air traffic control system in the world.

VisionSafe™

Emergency Vision Assurance System

VISIONSAFE CORP-EVAS

Kurt Poruks, North America Sales Director
kporuks@visionsafe.com | 973-864-6206 ext. 127 |
visionsafe.com

212 Route 94, Suite 2E
Vernon, NJ 07462

Emergency Vision Assurance System (EVAS) is the only cockpit smoke displacement system available, FAA tested and certified, that allows pilots to see flight path, vital instruments, clearly read approach plates and emergency procedures, and safely land in continuous dense smoke. EVAS is self-contained, battery-powered, and takes minutes to install.

BRONZE LEVEL

We create chemistry

BASF CORPORATION

Stan Mack, Sales Manager, Americas & Europe
stan.mack@basf.com | www.catalysts.basf.com/aircraft-catalyst
25 Middlesex/Essex Turnpike
Iselin, NJ 08830

BASF is leader in aircraft cabin clean air ozone converter technology. The air at high altitude contains significant levels of ozone that, if left unchecked, may lead some crewmembers and passengers to experience health effects. Ozone converters help maintain a healthy environment by catalytically converting the ozone in cabin air to oxygen.

BOSE

Mark Claprood, Sales Manager
Mark_claprood@bose.com | 508-904-4659 | www.bose.com
145 Penn Ave
Framingham, MA 01701

Bose® was the first to introduce active noise-reducing headsets more than 25 years ago, forever changing the way pilots fly. The Bose® A20™ Aviation Headset is engineered for increased noise reduction in even louder environments and has an improved degree of comfort, all without compromising our acclaimed clear audio. The A20 is FAA TSO certified and is used by aviation, military, and professional pilots around the world.

NAV CANADA

Ray Gelinias
ray.gelinias@navcanada.ca | www.navcanada.ca
77 Metcalfe Street
Ottawa, ON K1P 5L6

NAV CANADA is the company that owns and operates Canada's civil air navigation service (ANS). We manage 18 million square kilometers of Canadian and oceanic airspace. With 40,000 customers and 12 million aircraft movements a year, we are the world's second-largest air navigation service by traffic volume. As a private company, our revenues come from our aviation customers, not government. By investing in technology and controlling costs, we have kept customer rates stable while improving safety and flight efficiency. Our dedicated employees provide services to commercial and general aviation from facilities throughout Canada. These services include air traffic control, flight information, weather briefings, aeronautical information services, airport advisory services, and electronic aids to navigation.

THE WEATHER COMPANY

Donny Pattullo, Account Manager
donny.pattullo@weather.com |
978-983-6616 |
www.business.weather.com
400 Minuteman Road
Andover, MA 08180

Weather Means Business™. The Weather Company, an IBM Business, is the world's largest private weather enterprise, delivering the most accurate, personalized, and actionable weather data and insights. Aviation businesses worldwide rely on The Weather Company's superior weather forecasts to improve safety, efficiency, and performance—in the air and on the ground.

ZODIAC ARRESTING SYSTEMS AMERICA

Melissa Flatley, Contract Administrator
melissa.flatley@zodiacaerospace.com | 856-241-8620
2239 High Hill Road
Logan Township, NJ 08085

Zodiac Arresting Systems is the world's leading manufacturer of aircraft arresting systems, including EMASMAX®, a lightweight cellular concrete bed that safely decelerates aircraft in overrun situations. Zodiac Arresting System's EMAS, installed on over 110 runways worldwide, predictably crushes under the weight of an aircraft, bringing it to a controlled stop.

ZODIAC AEROSPACE SERVICES

ZODIAC AEROSPACE SERVICES

Sandrine Yonnet
sandrine.yonnet@zodiacaerospace.com | 33 16134 2064
61 Rue Pierre Curie - CS 20001
78373 Plaisir Cedex

Every day, everywhere in the world, Zodiac Aerospace Services is by your side to help you operate your fleet in the most efficient way. From spare parts supply to component repair and after sales services, our company offers the full capability on Zodiac Aerospace components.

laservision

LASERVISION

Tom Poole, Director of Sales
t.poole@lasersafety.com | 651-357-1801
595 Phalen Boulevard
Saint Paul, MN 55130

Laser safety experts for 30 years creating cutting-edge innovation and manufacturing of laser protection, including comfortable, stylish eyewear with 2,000+ safety filters. Our eyewear protects aircraft and helicopter pilots in all professions: private, commercial, law enforcement, and military.

SPONSORS AND EXHIBITORS

EXHIBITORS

TELEX COMMUNICATIONS/BOSCH SECURITY SYSTEMS

John Weeks, Sales Manager, Aviation Products
john.weeks@us.bosch.com | 952-905-6350
12000 Portland Ave. South
Burnsville, MN 55337

Telex Communications, a division of Bosch, is a world leader in aviation communication products for commercial aviation, including pilot headsets, microphones, and cabin communication equipment. The new Telex Airman 7 and Airman 8 headsets further advance the world's airline standard Airman 750 and the lightest weight ANR Airman 850.

HARRIS CORPORATION

Chris Sutherland, Senior Program Manager
csutherl@harris.com | 321-536-7454 | www.harris.com
1025 West NASA Blvd.
Melbourne, FL 32919

Harris provides advanced, technology-based solutions that solve government and commercial customers' mission-critical challenges. The company has approximately \$8 billion in annual revenue and about 23,000 employees—including 9,000 engineers and scientists—supporting customers in more than 125 countries.

BABY B'AIR

Greg Nieberding, President
d3gtn@aol.com | 466-556-4792
www.babybair.com
2730 N. Stemmons Freeway
Suite 740, Tower West
Dallas, TX 75207

Baby B'Air Flight Vests is committed to helping make sure that all passengers who fly, including lap children under two years of age, have an equivalent level of safety on airplanes, from takeoff to landing. The Baby B'Air Safety Flight Vest has proven its usefulness many times and currently helps prevent injury to lap children during inflight turbulence.

DAVID CLARK COMPANY, INC.

Dannis Buzzell, Aviation Market Manager
dbuzzell@davidclark.com |
508-751-5800

360 Franklin Street
Worcester, MA 01604

David Clark Company headsets have set the standard for quality, comfort, and performance in aviation design and manufacture since 1975. Our DC Pro Series of headsets provide commercial pilots with the latest in technology, enhanced comfort, and communication reliability.

BIRD STRIKE COMMITTEE USA

www.birdstrike.org

Steve Jangelis, Air Line Pilots Association |
Steve.Jangelis@alpa.org
Dr. Carla Dove, Smithsonian | dovec@si.edu

Bird Strike Committee USA (BSC USA) is a volunteer organization whose mission is to promote wildlife strike awareness and reporting, with the fundamental goal of mitigating wildlife hazards to aviation. BSC USA holds an annual conference where information is exchanged through presentations, exhibitors, and networking and is an active participant at other aviation meetings in the USA and globally.
