# What to do with a sick pilot?

# What to do with a positive test?

- Big Book of AA “To the employers”
  - “Should he have the same consideration as other ailing employees?”
  - “Why not bring him into contact with some of our alcoholic crowd? He might have a chance.”
  - “Suppose an approach is made something like this: State that you know about his drinking, and that it must stop.”
    - AA BB pgs. 136-150

# What to do with relapses?

- “It boils right down to this: No man should be fired because he is alcoholic. If he wants to stop, he should be offered a real chance. If he cannot or does not want to stop, he should be discharged. The exceptions are few.”
  - AA BB pg. 148

# Bottom Line

- We are not their mother, this is THEIR recovery
