

# Important – You may be eligible to receive additional dental services

Seeing your dentist for preventive dental services is very important, but it’s even more important when you have certain medical conditions. Your MetLife Dental plan includes additional services to members with the following medical conditions:

- Maternity
- Diabetes
- Hypertension
- Heart Disease
- Stroke
- Chronic Kidney Disease
- Thyroid Disease
- Head & Neck Cancer Radiation
- Organ Transplants
- Sjorgren’s Syndrome

## What you need to know

Please see the table below for more information on additional services you can receive for each medical condition.

Medical condition	Cleanings*	Fluoride Application*
Heart Disease	1 additional cleaning per year	
Stroke	1 additional cleaning per year	
Diabetes	1 additional cleaning per year	
Maternity	1 additional cleaning per year	
Chronic Kidney Disease	1 additional cleaning per year	Age limits removed
Organ Transplants	1 additional cleaning per year	Age limits removed
Head and Neck cancer radiation	1 additional cleaning per year	Age limits removed
Hypertension	1 additional cleaning per year	
Thyroid Disease	1 additional cleaning per year	Age limits removed
Sjorgren's Syndrome	1 additional cleaning per year	Age limits removed

\*These benefits are not a comprehensive list.

## What you need to do if you have one of the above-listed medical conditions

To receive additional dental services, please complete the Application for Preventive Plus form and return it to MetLife.

- Fax – 1-315-792-6857; or
- Mail – MetLife Dental Claim, 5950 Airport Road, Oriskany, NY 13424

Additional services will not be covered until MetLife approves your completed Preventive Plus form.
