Dots on a Map: Episode 2

The second episode of the *Dots on a Map* podcast, “JV Negotiations Explained,” is now live on iTunes, Google Play Music and Overcast. This episode features a conversation on the current state of JV negotiations with the Company, focusing on the Aeroméxico JV, and why these negotiations are different than past negotiations. To listen, search “Dots on a Map” in your podcast app or, if you’re on an iPhone, follow [this link](#) from a mobile device. *Dots on a Map* is a Delta MEC podcast series about scope topics. Every episode is also available on [DALscope.org](#).

Seeking Communications Volunteers

ARCOS

The ARCOS system is now operational on all fleets. The new number used to notify you of a GS is 844-325-5629. You do not need to do anything to continue to receive GS awards via phone, though downloading the ARCOS app provides for a faster and easier experience. For a complete overview of ARCOS and setup instructions, refer to [Scheduling Alert 18-04 -- ARCOS](#). Additionally, we heard your feedback and are working with the Company to reduce the number of pilots called for an available trip. This is a new system, so your continued feedback is especially important in creating the best product for Delta pilots. Feedback about the ARCOS system should be sent to arcos_feedback@delta.com.

[Updated] Multi-Factor Authentication

Delta now requires pilots to establish Multi-Factor Authentication (MFA) to access the HR Self Service application. If you have not yet registered, you will not have access to HR Self Service until you register. Authentication using the PingID app requires you to download a device-specific app (iOS or Android). Authentication can also be accomplished using SMS/text and voice (via any phone). Click [here](#) for more information on DeltaNet.

Family Member with Addiction/Substance Use Disorder

When a family member is struggling with addiction or substance abuse, it impacts the entire family. The Pilot Family Matters Committee [webpage](#) has information and resources to help, including Finding treatment for your loved one and support for you and your family. For questions, contact DALPFMC@alpa.org.

EFB Survey

ALPA National is conducting an [Efb Training and Use survey](#), and we encourage all pilots to participate. The goal of this survey is to better understand how pilots manage information on the EFBs, interact with the EFBs and what training they received. ALPA hopes that the information will be valuable to the pilot community and the aviation industry to improve safety. The voluntary survey takes approximately 30 minutes to complete, and participation is strictly confidential (all data is de-identified). Take the survey at alpa.org/efbsurvey.

[Updated] ATL PUB

All pilots and their families are invited to attend the ATL Pilot Unity Building (PUB) event at La Fiesta (1419 Virginia Ave) on Tuesday, June 26 for fellowship, fajitas and beverages. Located inside the Red Lion Hotel lobby, the event will be held in La Fiesta's Bar Room. Transportation from the Hilton, Staybridge and Doubletree hotels is available upon request at the front desk; it's across the street from the Holiday Inn.
